BURKINA FASO
DECEMBER 27, 2022

Timsoft Group is proud to successfully support the digital transformation of one of its clients with the implementation of the Cegid Retail Y2 solution.

timsoft

Located in the heart of the capital Ouagadougou, **Liza Mall** is "a vast shopping gallery." According to the promoter of the shopping center, the creation of such a space by the **EBOMAF Group** aims to enable Burkinabé people to make all their purchases in one place.

To meet this need, the EBOMAF Group chose Timsoft to benefit from its expertise and experience in **implementing retail management solutions**. The project, which commenced on **December 27, 2022**, involved the implementation of the **Cegid Retail Y2** solution for the Purchase, Stock, Sales, and Reporting modules in **7 shops equipped with 12 cash registers**.

Timsoft's team, consisting of **5 experienced consultants** from the **RETAIL Project team and the 3C team**, worked closely with our client to ensure a rapid and efficient implementation of the solution. **Timsoft's maintenance and support service** were also selected to ensure optimal use of the solution.

Executives at Liza Mall expressed their satisfaction with Timsoft and the Cegid Retail Y2 solution. The customer service praised the **quality of work and the responsiveness of Timsoft consultants**. They also emphasized the positive impact of the solution on enhancing the customer experience. Timsoft is proud of its role as a **digital transformation partner for Liza Mall** and is committed to continuing to provide its expertise to support its clients in their digital transformation.
